

In past years, the Kiwanis Clubs of the Southwind Division have raised more funds for Riley Hospital for Children than any other Kiwanis division in Indiana, totaling more than \$662,000. This is thanks, in part, to the great dedication of the Evansville community, parents and individuals served by Deaconess Riley Children's Services and Riley Hospital for Children.

Deaconess Hospital and Riley Hospital for Children began seeing patients together in 1991 in a small pediatric cardiology clinic staffed with Riley pediatric cardiologists and Deaconess nursing staff. After years of successful clinics together, Deaconess Health System and Riley Hospital for Children signed a formal agreement in 2004 to provide more services right here in our community.

The benefits of a local Riley Hospital clinic are obvious. In fact Deaconess Riley Children's Services provides more than 5,000 visits to local patients each year. You can help ensure that Deaconess and Riley continue to provide high-quality pediatric care to Tri-State patients. Donations from the Tri-State will be used to support the local Riley clinic, giving our families access to vital pediatric services without having to travel out of town.

Kiwanis International is an international service club founded in 1915. It's headquartered in Indianapolis, Indiana, and currently has 240,000 members in 7,700 clubs in 80 countries.

The Southwind Division of the Indiana district is composed of seven local Kiwanis Clubs in Vanderburgh, Warrick and Posey counties. As a district event in 1992, members from all of the clubs started the Riley Walk to promote wellness and good health. The walk is the single largest Kiwanis/Riley fundraising event in Indiana. All of the walk proceeds are donated to Riley and Deaconess-Riley for the benefit of the children they serve.

Kiwanis would like you to join them in their support by becoming a corporate sponsor of the Riley Walk.
